HOW CAN YOU HELP?

- Any word of mouth is helpful and deeply appreciated, first of all. If you believe in the programs or the services I offer, send people my way! Yes, even for my free offerings. I deeply believe in what I do and want to help people – that is a huge part of why I am offering free programs for the Orlando area (and for friends! Are you working with a nonprofit you want some help with? Let's chat.)
- Want to really make a huge difference or get involved in a big way? I am offering Finder's Fees for helping me book programming with new business clients.

Once the business has fully paid their invoice, within 15 days of that I will pay you 10% of their total invoice amount for that first completed program.
